

Owner Statement About Visiting Companion Animal

I, _____, the owner of _____ (animal's name), agree to all of the following statements:

I have provided a health certificate signed by a licensed veterinarian indicating that _____ (animal's name) is in good health and has received appropriate vaccinations as specified by my veterinarian. I understand that I must provide this facility with proof of current rabies vaccination (in the case of a dog or a cat), before I will be allowed to bring my pet on visits.

I understand that any type of pet other than a dog or cat must have specific approval from the animal coordinator, activities director, or other designated staff member before being allowed to visit. My pet is healthy, housebroken (in the case of a dog or a cat), clean, well groomed, free of strong odors, and does not have external parasites such as ticks, fleas, or mites. The pet will not be wearing a flea collar during visits to the facility. I will not bring the pet to visit the facility if it is in estrus (heat) or seems to be ill.

I understand that the pet *must be on-leash (if a dog), in a carrier, or otherwise under my control and supervision at all times* when visiting in this facility or on the facility grounds.

I understand that animals should not enter areas where food is being prepared or served. I understand that I am responsible and liable for my pet's behavior while visiting the facility. Finally, I agree to sign in and record all required information in the pet registration book at the front desk at the beginning and end of every visit.

Owner's name (print): _____

Signature: _____ Date: _____
